

ACTIVITY REPORT

MONTGOMERY GURU NANAK COLLEGE OF EDUCATION, JALANDHAR

ACTIVITY REPORT

ICT is an integral part of teaching learning process of the institution. The institution also ensures the learning and use of ICT effectively by the students. For better understanding of theory courses students use desktop, laptops, OHP, LCD projectors Smartphone, WhatsApp and Google classroom. During practice teaching students prepare ICT based lesson plans and use Smartphone, laptops and projectors as teaching aids. During internship they prepare and deliver ICT based lesson plans using various ICT devices and conduct different activities using ICT support. Students use PPTs., YouTube videos, OHP, LCD Projector, and Smartphone as a support in teaching. Students use various ICT resources to conduct out of classroom activities such as morning assembly celebration of different days and organisation of various events like field sports, yoga workshop etc., for this Google meet, projectors, digital camera, mikes, Smartphone etc. are used.

CERTIFICATE SHOWING USE OF ICT (LMS) IN THEORY COURSE

Dated: 26.05.2023

CERTIFICATE

This is to certify that for effective teaching-learning, the institution as well as faculty integrate ICT through Learning Management System i.e. Google Classroom. The link for the same is: <https://classroom.google.com/c/NDM1NTQ4ODc2MjIx?cjc=xuhequs>

The student can join classroom with his/her domain registered G-Suit ID provided by the college (List attached along with Annexure-I). For reference, ID of one student is given below:

STUDENT: User ID: mamta671@mgncollege.org
Password: mamta123@

Each faculty member has domain registered G-Suit ID (List attached along with Annexure-I). For reference, ID of one teacher along with password is being provided to join classroom.

TEACHER: User ID: poojabhardwaj@mgncollege.org
Password: mgnpooja@3

Acting Principal

ICT BASED LESSON PLAN

ICT BASED LESSONS

(2)

Lesson No. 1
Date 15-07-22

Subject English
Topic Birbal's Khichdi
Illustrative Aids Power Point Presentation
Innovative Technique

Class VII
Period
Time 40 minutes
Supervisor Mrs. Sakshi Sharma

General Aids

Blackboard, chalk, duster, pointer, etc.

Specific Aids

PPT depicting the prose Birbal's Khichdi.

General Aims

- (i) To enable the students to develop four basic skills i.e. listening, reading, writing and speaking.
- (ii) To enable the students to improve their pronunciation.
- (iii) To enable the students to add new words in their vocabulary.
- (iv) To enable the students to create interest towards learning English language.
- (v) To enable them to summarize the prose.

Specific Objective

To enable the students to understand the prose, "Birbal's Khichdi".

Behavioral Objectives

After the completion of the lesson, pupils will be able to :-

- (i) Name the prose & writer of the prose (Knowledge level)
- (ii) Explain the theme of the prose (Comprehension level)
- (iii) Explain the meaning of difficult words - starving, frozen, warmth, deserve, glowing, shivering, receive innocent, disappointed, turn up. (Knowledge level)
- (iv) Summarize the prose (Application level)

P.K. Testing

To check the previous knowledge of the pupils, P.T. will ask the

following questions :-

- (i) what are the things important for the survival of human?
- (ii) what do you pay to buy these things?
- (iii) How do you earn money?
- (iv) Will you accept a challenge if you are offered some money?
- (v) what will you do if you complete the challenge and don't get the money?

Announcement of the topic

After getting unsatisfactory response from the pupils, PT will announce the lesson by saying, "Well students today we are going to discuss the prose - Birbal's khichdi."

Presentation of the topic

(i) P.T. will develop the lesson with the active participation of the pupils.

- (ii) Blackboard work will be done side by side.
- (iii) P.T. will use PPT for the explanation of the lesson.

Step - 1

Brief Introduction of the Prose

The prose "Birbal's khichdi" is about a brahmin who stands in freezing cold water to win the prize money promised by the king. But the king refuses to give the reward money by saying that the brahmin had

received heat from the lights of the palace. Ultimately,
the king teaches the king a lesson.

Step - 2

Model Reading by Pupil Teacher

T. will give an effective reading to the prose with
proper stress and meaningful gestures while the
books of the pupils remain closed.

Step - 3

Meaning of Difficult Words - Phrases

T. will write the words on the blackboard.

Word Meanings

- 1) Starving - dying of hunger
- 2) Frozen - chilled
- 3) Warmth - heat
- 4) Deserve - to be worthy of
- 5) Glowing - shining
- 6) Shivering - trembling with cold
- 7) Receive - get
- 8) Innocent - helpless & poor
- 9) Disappointed - dejected
- 10) Turn up - to come or reach.

Recapitulation

To test the attainment of the objectives, P.T. will ask the following questions:

- Who is the writer of the prose, "Birbal's Khichdi"?
- What is the meaning of the following words - starving, warmth, deserve, glowing.
- What did Akbar want to know?
- How much money did Akbar agree to give to the Brahmin?
- What did you learn from the story?

Homework

P.T. will write the summary

P.T. will write the homework

Lakshmi

Birbal's Khichdi

CLASS VII

At Akbar's court:

Akbar asked Birbal, "Tell me one thing, Birbal! Do you think a man will do anything for money?"

Birbal replied, "Yes, Your Majesty".

Akbar ordered, "Alright, then prove it!"

He stood without any clothes and I will give you two thousand gold coins."

I kept looking at him without any thinking about my family that they will get food if I continue to stand in the rain."

Now you know the value of money. I considered you to be the wisest in this country, but you have proved me wrong."

**Cyber
Safety**

BEHAVIOURAL OBJECTIVES:

1. [Meaning](#)
2. [Ways in which Websites Track you](#)
3. [Anonymous and Private Browsing](#)
4. [Proper usage of Passwords](#)
5. [Techniques of developing unique passwords](#)
6. [Practices to ensure Confidentiality of Information](#)
7. [Cyber Crime](#)
8. [Cyber Bullying](#)
9. [Cyber Stalking](#)
10. [Reporting a Cyber Crime](#)
11. [Video Depicting the Concept](#)
12. [External Links](#)
13. [Test Your Knowledge](#)

What is **Cyber Safety**..?

Cyber Safety refers to the safe and responsible use of Internet so as to ensure safety and security of personal information and not posing threat to anyone else's information.

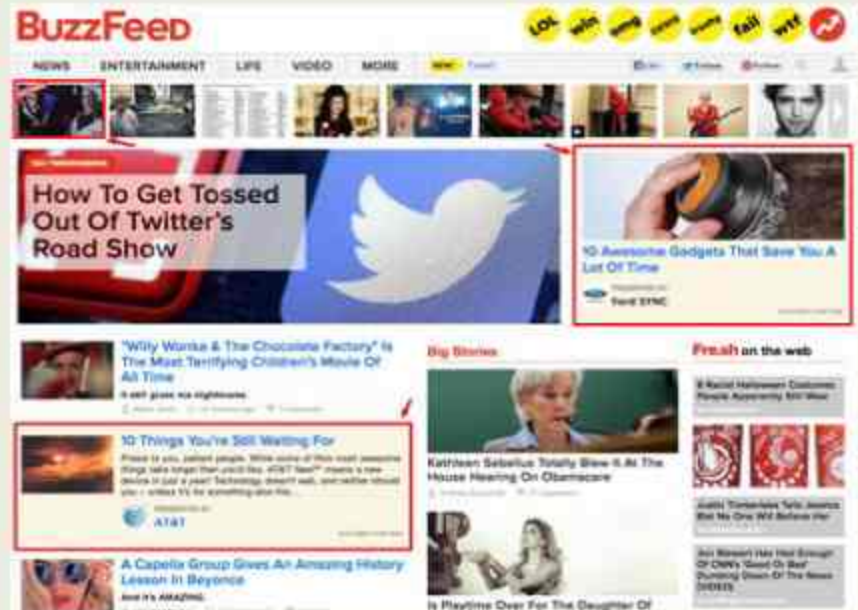

Many Ways **Websites Track You:**

1. IP Address: From this, a website can determine your geographical location.
2. Cookies and Tracking Receipts:
 - First party cookies- Store your login id, passwords, auto fill information etc. of the websites that you frequently visit.
 - Third party cookies- Store your search history so as to place advertisements as per your interests.

Many Ways Websites Track You:

3. HTTP Referrer: When you click a link, your browser loads the web page linked to it and tells the website where you came from.
4. Super Cookies: Super cookies are also cookies but these are persistent cookies, i.e. they come back even if you delete them. They store data in multiple places.
5. User Agent: Your browser sends a user agent every time you connect to a website which tells website your browser and OS, providing data that is stored to target ads.

SOLUTION TO THIS IS:
PRIVATE BROWSING
AND ANONYMOUS
BROWSING

Anonymous and Private Browsing:

- **ANONYMOUS BROWSERS:** It allows users to view websites without revealing any personal information like their IP address.
- **PRIVATE BROWSING:** It includes ways to use internet without revealing your search history and sharing your data:
 - a) Incognito Browsing- opens up a version of the browser that will not track your activity.
 - b) Proxy- acts as a middleman between your computer and the website you want to access.
 - c) Virtual Private Network (VPN)- adds security to private and public networks.

Proper usage of **Passwords**

- Creating a secure password is an important part of protecting you online.
- A strong password helps to:
 1. Keep your personal information safe.
 2. Protect your emails, files and other content.
 3. Prevent someone from breaking into your account.

Techniques of developing unique passwords:

- Use different passwords on different systems and accounts.
- Don't use passwords that are based on personal information.
- Use a combination of capital and lowercase letters, numbers, and special characters.
- Develop mnemonics such as paraphrases for remembering complex passwords.

Practices to Ensure

Confidentiality of Information

- Use Firewall wherever possible
- Control browser settings to block tracking.
- Browse privately wherever possible.
- Be careful while posting on Internet.
- Ensure safe sites while entering crucial information.
- Carefully handle emails.
- Do not give sensitive information on wireless networks.
- Avoid using public computers.

Cyber Crime

Cybercrime is any criminal offense that is facilitated by, or involves the use of, electronic communications or information systems, including any electronic device, computer or internet.

CYBER CRIME

Cyber Bullying

It occurs when someone uses the Internet, a cell phone, email, instant messaging, chat rooms, or social networks to harass, demean, embarrass or intimidate someone else.

Cyber Stalking

This is a kind of online harassment wherein the victim is subjected to a barrage of online messages and emails. These stalkers know their victims and instead of resorting to offline stalking, they use the internet to stalk.

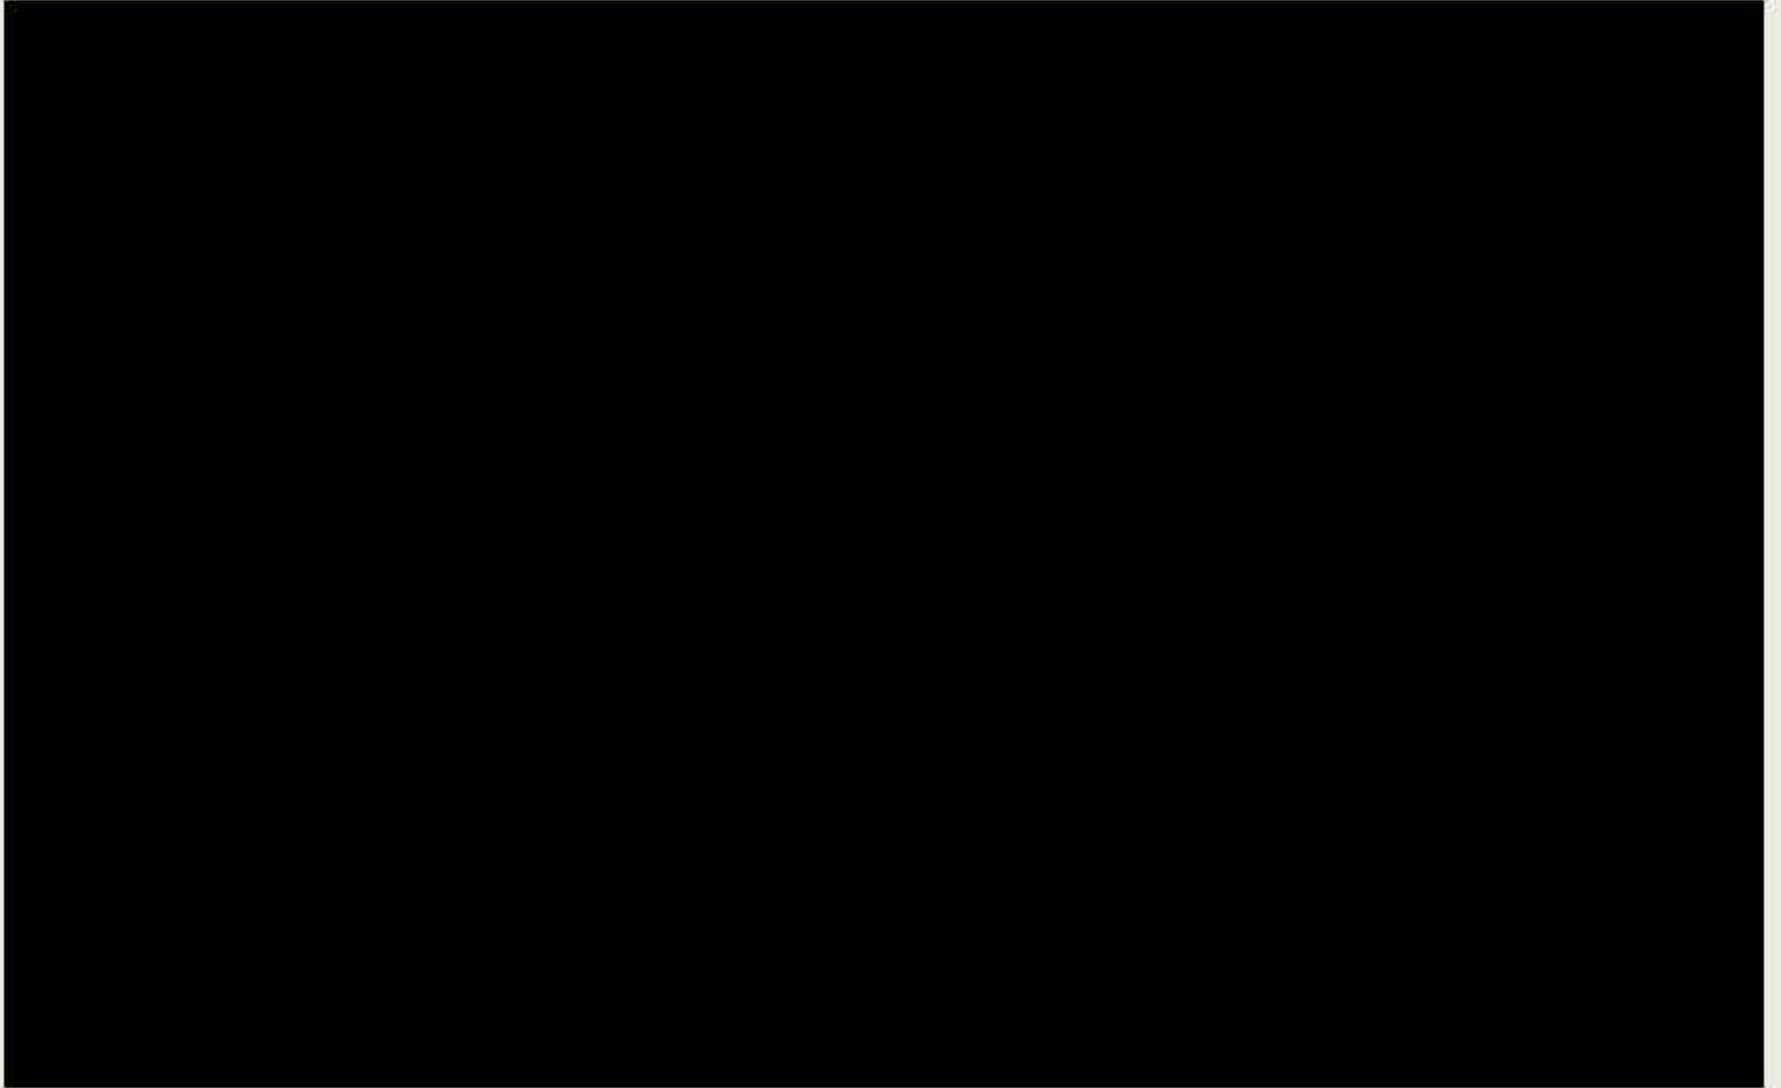

Reporting a Cyber Crime:

- If any cybercrime happens, one must report it firstly to parents, school authorities and then to police.
- To report a Cybercrime:
 1. The local police station can be approached for filing complaints just as the cybercrime cells.
 2. Provisions have now been made for filing of 'E-FIR' in most of the states.
 3. Ministry of Home Affairs is also launching a website for registering cyber crimes.

Video Depicting the concept

What makes a secure password?

1 point

- A secure password should be the one that you will easily remember
- A secure password should be the one that you will easily remember and be a mixture of upper-case and lower-case letters, numbers and characters
- A secure password should be something familiar like a birthday or pet's name

THANK YOU
